INDEX 1973 Nos 56-59

AUTHORS

Allen D C (and Smith A T) *A dynamic method of measuring water vapour transmission rate through sheet materials* **57.2**

Blok S *Improvement of vibration isolation in transports by bearing flats* **59.3**

Court E T *Why specifications—what do they assure?* **57.9**

Dark S D *Value added tax* **56.25**

Day P E (and Marples V) *Phase measurement in mechanical vibration testing* **58.25**

Graham N A (and Marples V) *The dependence of piezo-electric accelerometer response on method of attachments* **56.19**

Howorth F H *The prevention of airborne infection during surgery* **58.31**

Hunt T M *Testing for acceptable life* **57.25**

Jenny B W *The economics of reliability testing* **56.11**

Johnson G E *Practical aspects of small computer operating systems* **57.31**

Mann T R (and Myers W M) *A digital system for controlled vibration tests* **58.8**

Marples V (and Day P E) *Phase measurement in mechanical vibration testing* **58.25**

Marples V (and Graham N A) *The dependence of piezo-electric accelerometer response on method of attachments* **56.19**

May B J *Real time digital signal acquisition and analysis* **59.23**

Moore R J *Staff selection* **57.37**

Myers W M (and Mann T R) *A digital system for controlled vibration tests* **58.8**

Richards E J *The noise environment in the United Kingdom* **56.2**

Reynolds G D *The BS 9000 system* **56.21**

Smith A T (and Allen D C) *A dynamic method of measuring water vapour transmission rate through sheet materials* **57.2**

Smith H G *Type approval of marine instrumentation* **58.35**

Smith W S *Water pollution control in the 1970's* **56.29**

Snowden J C *Isolation of machinery vibration from structures* **58.2**

Stokes E J *Comparison precis of environmental test procedures of British Standard 2G 100, specification DEF 133 and American specification MIL-STD-810B* **59.9**

Stokes E J *Mould growth resistance testing* **56.14**

Tustin W *Dynamics overview* **59.15**

Voy C *The correlation of shock absorber forces on passenger cars* **59.27**

ARTICLES

Acceptable life, Testing for T M Hunt **57.25**

BS 9000 system, The G D Reynolds **56.21**

Dynamics overview W Tustin **59.15**

Environmental test procedures, Comparison of British standard 2G 100, specification DEF 133 and American specification MIL-STD-810B E J Stokes **59.9**

Infection, airborne, The prevention of during surgery Howorth F H **58.31**

Machinery vibration, Isolation of, from structures J C Snowden **58.2**

Marine instrumentation, Type approval of H G Smith **58.35**

Mould growth resistance testing E J Stokes **56.14**

Noise environment in the United Kingdom, The E J Richards **56.2**

Piezo-electric accelerometer response on method of attachments V Marples and N A Graham **56.19**

Real time digital signal acquisition and analysis B J May **59.23**

Reliability testing, The economics of B W Jenny **56.11**

Shock absorber forces on passenger cars, The correlation of C Voy **59.27**

Small computer operating systems, Practica aspects of G E Johnson **57.31**

Specifications, Why—what do they assure? E T Court **57.9**

Staff selection R J Moore **57.37**

Value added tax S D Dark **56.25**

Vibration isolation in transports by bearing flats, Improvement of S Blok **59.3**

Vibration testing, mechanical, Phase measurement in P E Day and V Marples **58.25**

Vibration tests, controlled, A digital system for T R Mann and W M Myers **58.8**

Water pollution control in the 1970's W S Smith **56.29**

Water vapour transmission rate through sheet materials, A dynamic method of measuring D C Allen and A T Smith **57.2**

MANUFACTURERS' NOTES

Automatic spectrum processing system Spectral Dynamics **56.16**

Data analysis and tracking filter systems Spectral Dynamics **58.23**

Data logging system The Solartron Group Ltd **58.23**

Digital telethermometer Shandon Southern Instruments Ltd **56.17**

Digit multimeter Fenlow Electronics Ltd **57.23**

Dry air pressurisers W H S (Pathfinder) Ltd **57.23**

Ensemble averager Spectral Dynamics **57.23**

Filter element Fairey Filtration **57.23**

Floating-point digitiser Spectral Dynamics **57.23**

Hydroglass panels B T R Reinforced Plastics Ltd **56.16**

Miniature electric conveyor ovens Hedinair Ltd **57.23**

New installation in Australia Servotest Ltd **57.23**

Nut runner Atlas Copco (GB) Ltd **56.17**

Overall level detector Spectral Dynamics **57.23**

Picotriax (*triaxial accelerometer*) Endevco UK Branch **57.23**
